# Sage Business Cloud X3

*More than a traditional ERP*

We've reduced our inventory carrying costs by 30% –that represents nearly \$500,000 in cash freed up. Inventory turns are up by 20%. The time to produce a custom quote is down by 75% and we added over 100 customers in one year.”

— Rich Sade – Vice president and COO,  
S&S Hinge Company, Chicago, IL

# Embrace change at speed

# Thrive as a global business

React more quickly to changing customer demands while maintaining control

With Sage X3 you can:

- Achieve faster customer response times by running an agile, connected organisation across multiple companies, business units and sites
- Maintain one system of record across globally distributed operations for accurate planning and forecasting
- Maintain local compliance with multi-currency, multi-ledger, multi-legislation and multi-language functionalities
- Streamline international transactions and invoicing, adhering to local banking formats, and consolidate foreign operations for simpler financial reporting
- Automate tax declarative processes, from translations to electronic submissions, and adhere to local requirements

“We achieved a full return on investment by the end of the first year through labor savings and improved accuracy.”

— Marc Lefebvre, Vice President and CIO, Ganong Bros. Limited, New Brunswick, Canada

# Gain faster business insight

Increase customer satisfaction and remove administrative burden with faster, more flexible and more efficient processes powered by data

With Sage X3 you can:

- Generate insight with data across multiple machines and sources and create consistent analytical models
- Give your team personalised information with access to live dashboards customised for specific business roles to monitor performance and alert them to abnormalities in the business
- Create customisable scoreboards for individual business roles; navigate up and down the audit trail to manage risks
- Distribute consistent reports across the organisation, trigger alerts and workflows based on KPIs; enable collaboration to make better decisions
- Stay compliant with local data regulations such as the General Data Protection Regulation (GDPR)

A man in a white shirt is smiling while working at a computer in an office setting. He is looking at the screen, and his hands are on the keyboard and mouse. The background is blurred, showing other people in an office environment. The image is overlaid with a purple and orange gradient box containing text.

“Sage X3 offers the best combination of functionality, technology, value and implementation methodology of all the systems we evaluated.”

— Terry Steinberg, Vice President  
and CIO, Acetor Corporation,  
New York

# Tailor your experience

Enable your team to work smarter and more efficiently with a modular and flexible system that will grow

With Sage X3 you can:

- Configure your solution to support your industry-specific processes, from manufacturing and distribution to business services
- Create personalised user experiences for your team using powerful configuration capabilities
- Build a custom solution by accessing specialty applications built by Sage's vibrant partner ecosystem and develop new applications using industry-leading development tools
- Choose to run your solution in the cloud, as a Sage service, on your partner's data center or on your own infrastructure

“The allocation logic in Sage X3 helps us optimise our fulfillment process by finding and selecting the orders that we can ship complete based on the stock we have on hand.”

— John Hill, Vice President of Administration, Carson Home Accents, Pennsylvania

# Intuitively manage operations

Stay competitive in the face of growing complexity using an end-to-end solution to manage your operations and people

- Streamline core processes to accelerate the management of business across procurement, manufacturing, inventory, sales, customer service and financials
- Reduce business complexity using easy-to-use business applications that are tailored to your specific business needs
- Drive continuous improvements with quality management non-conformance and non compliance capabilities allowing you to identify issues, reduce costs and improve customer experiences
- Improve cost management and gain better control of project profitability
- Quickly adapt procedures to changing regulations and compliance requirements
- Stay productive from anywhere with intuitive mobile applications allowing you to check inventory, take customer orders, approve purchases and view key performance indicators on the go

The background image shows the exterior of the Empire Candle Co. LLC building at dusk. The building has a white facade with a large sign that reads "EMPIRE CANDLE CO. LLC" and "EST. 1951" with a flame logo. A man in a grey jacket and dark pants is standing on the sidewalk to the left. A green street sign for "St. Donovan" is visible. A red hand signal is lit up on the right side of the building. A "NOTICE" sign on the wall reads "THIS PROPERTY IS PROTECTED BY ELECTRONIC SURVEILLANCE".

“The proof is in the numbers. Empire has grown over 300% since implementing Sage X3. We saw immediate performance increases, including a 30% reduction in productive labor and consolidation of an entire warehouse facility footprint, and annual savings of around \$400,000.”

— Robert Turtledove, President and CEO  
at Empire Candle Co, Kansas City, KS

# Generate industry leading ROI
